Shake well before use.

TURF APPLICATION RATES:

Apply 1-2 oz. per 1,000 sq. ft. every 7 to 14 days or as indicated by turf conditions. Use low water volume to achieve approximately 40 to 60 gpa. Wait at least two hours to irrigate.

* Use in combination with other HydroGro products for maximum results.

TANK MIXING:

Read ALL labels carefully and adhere strictly to the instructions for use and advice regarding whether or not product(s) should be co-applied. Many variables can influence the performance of co-applied products and therefore co-application is entirely at the risk of the end-user. It is strongly recommended that a limited application is made initially when using unfamiliar product mixes. Before co-application of products you, or your advisor, must do a jar test.

GUARANTEE:

Seller's guarantee shall be limited to the terms set out in the label and subject there to, the buyer assumes all risk to persons or property arising from all use or handling of this product, and accepts the product on that condition.

CAUTION:

READ THE LABEL BEFORE USING.
KEEP OUT OF REACH OF CHILDREN AND PETS.
