Eye Contact

Immediately flush eyes with plenty of water for at least 15 minutes. Get immediate medical attention if irritation persists.

Ingestion

Do NOT induce vomiting. Rinse mouth thoroughly with water. Give ½ to one glass of water to dilute the material if victim is alert and not convulsing. If spontaneous vomiting occurs, have victim lean forward with head down to avoid breathing in of vomits, rinse mouth and administer more water. Never give anything to an unconscious person. Get immediate medical attention.
